**Thank you for helping us flood the offices of California state Senators Eggman, Hueso and Hertzberg with postcards!**

**If just one of them commits to voting for the revised SB 467 to create setbacks (health-and-safety buffer zones around toxic oil & gas drilling operations), the bill will be reconsidered at the April 27th meeting of the Senate Natural Resources Committee!**

**Directions: If you have access to a printer, simply print out slides 2, 4 and/or 6 to send postcards to Senators Eggman, Hueso and/or Hertzberg. (Senator Eggman is the top priority!) You or your kids can color in the drawing and hand-write a message on back. We've provided sample language for each Senator, which you're welcome to personalize.**

**\*\*Please mail your postcards to the addresses provided on Thurs, 4/22!\*\***

Dear Senator Eggman,

As a California resident & [a mother/youth/etc], I urge you to commit to voting YES on SB 467, to create a 2500-foot health-and-safety buffer zone between oil & gas drilling, and homes, schools & playgrounds. Protecting kids is what moms do. Since you're a mom, can we count on you to protect the millions of CA children--mostly Latinx, Black & Indigenous--from the health hazards of toxic drilling?

Thank you,
